

Excerpt from Journal

Office of Legislative Counsel

Thursday - 28 May 1959

8. Met with Mr. Edward Clark, Legislative Management Officer, Office of Assistant Secretary - Congressional Relations, State Department, regarding the review of reports following congressional travel. The visit was prompted by Senator Ellender's report on his trip to [redacted] last year. In this report he made numerous references to personnel in [redacted] which he visited. It was determined that reports of this nature are rarely submitted to the Department in advance of publication and little could be done in this regard unless contact is made with the Congressman directly by the Agency. (See Memorandum to the [redacted] on this subject.)
